

HAMBLETON HALL

PRESS RELEASE

Cherish your anniversary and birthday with a special event

[February 2019] Recognising life's milestones is important as it gives you a reason to connect with your loved ones, it gives you a chance to reflect on how far you have come. For many, a birthday or anniversary is an excuse to get away from home to mark the occasion somewhere spoiling and special. It is an excellent way to amplify the occasion to look forward and discuss hopes and dreams for the future.

If you are looking for a luxury country house hotel in which to plan your birthday or wedding anniversary this year, perhaps we can tempt you with one of our wonderful experiences?

Celebrate a Special Occasion is an overnight stay package that has been thoughtfully curated for couples looking for an indulgent dinner and overnight stay. [Find out more about this romantic option.](#)

If you wish to make it a wider celebration, why not invite the extended family to join you for lunch or dinner in one of our **beautiful private rooms**? Browse the options [on our website party pages.](#)

Personalised service

What stands Hambleton Hall apart is our whole staff who go beyond the call of duty to ensure that you are really well looked after before and during your visit.

Hambleton's restaurant managers, with decades of experience, will curate a menu filled with your favourite dishes. They know the most stylish florists to decorate your table and cake-makers to create a centrepiece. They will propose finishing touches including personalised menus to take home, handmade chocolates or balloon artists to complete your event. They revel in crafting the perfect occasion for you to cherish for years to come.
